Amend claims 363 and 364 as follows

363. (currently amended) A system as described in claim [359] 362 in which the means for adjusting the electromagnetic spectrum of at least one of the separate beams of electromagnetic energy includes means for adjusting the predetermined range of wavelengths of at least one of the separate beams of electromagnetic energy.

364. (currently amended) A system as described in claim [359] 362 in which the means for adjusting the electromagnetic spectrum of at least one of the separate beams of electromagnetic energy includes means for adjusting the magnitude of at least one of the separate beams of electromagnetic energy.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
